

# WHAT CAN & CAN'T GO IN A SKIP BIN!

The identification of your waste type is normally fairly straight forward, however it is important because certain waste types are prohibited from being placed in skips and also in many cases, the waste type affects the price of skip services. Therefore it is important to correctly specify your intended waste type because placement of other waste types may result in additional disposal charges after the skip is collected. The table below provides some guidelines. If you have any doubt as to which waste type your waste belongs, please feel free to call Jim's Skips and our experienced staff will happily assist you.

When selecting a waste type (eg general waste) you must ensure that no other types of waste are placed in the skip. If this occurs, you will be liable to pay for the additional disposal costs.

Waste Type	What you can put in	What you can't put in
<b>General Waste</b>	Most general household waste. Boxes, wood, cabinets, white goods, clothes, toys, carpet etc.	Bricks, concrete, soil
<b>Heavy Waste</b>	Waste from household clean-ups & renovations including bricks, concrete & general waste.	
<b>Clean Fill</b>	only dirt, soil & sand can go in	anything aside from dirt
<b>Bricks and Concrete</b>	Only bricks and concrete are allowed.	Anything aside from bricks and concrete, "disposal facilities are very strict"
<b>Green Waste</b>	Organic waste such as grass clippings, branches, woodchips and bark, wood, fence palings	Any other waste type.

"Car batteries are fine but please place them on top"

"please place metal & steel on top"

## **\*NEVER TO BE PLACED IN SKIP BIN OF ANY KIND!**

- Putrescible waste (food waste etc), asbestos, hazardous waste, insulation material of any kind, liquids (paint, oils, chemicals) (Dry paints in cans are OK), gas bottles, empty chemical containers, tree trunks.

Single Mattress – Extra \$20 each

Double Mattress – Extra \$30 each

Tyres – extra \$10 each, \$20 if still on rim.

2 Metre Skip Bin		
	Top	Bottom
Length	1800	1310
Width	1660	1165
Height	947	

3 Metre Skip Bin		
	Top	Bottom
Length	2570	2080
Width	1660	1165
Height	947	

4 Metre Skip Bin		
	Top	Bottom
Length	3340	2850
Width	1660	1165
Height	947	

**Materials placed in the skip bin must not:**

- Overfill the skip bin, so that they can spill out, or be blown onto the adjacent area, or cause nuisance to pedestrians or other road users.
- Comprise any food waste or any material that may rot or cause offensive odors or other nuisance to residents or road users.
