Jim's Training Program gives YOU the skills YOU need!

Step 1

Assessment day (on the road). A day of assessment and initial training. This proves to us & to you that you are able to provide the service and have the desire to work in this industry.

Step 2

Franchise induction training. A 2 day generic course that explains the Jim's Franchise System, the Ethos & the Principles behind the success of Jim's Group and how to use the system to your best advantage!

Step 3

A 1 day training course covering sales techniques, quoting, permits, waste disposal, operations manuals, truck maintenance, how to run a yard & much more.

Step 4

Truck license, OH+S, Road Traffic Management, or any other training required by your state or local council.

Step 5

Practical Training Program > "On the Job" Training that is specific to the business you are going to operate, covering all aspects related to the practical skills needed to operate this business. This training is provided on the road with current franchisees and trainers.

*Franchisees are then encouraged to take on further training for skills such as bookkeeping, computers, sales etc.
